Local, regional & global effects

- Economy
- Community
- Image & brand of the city and school

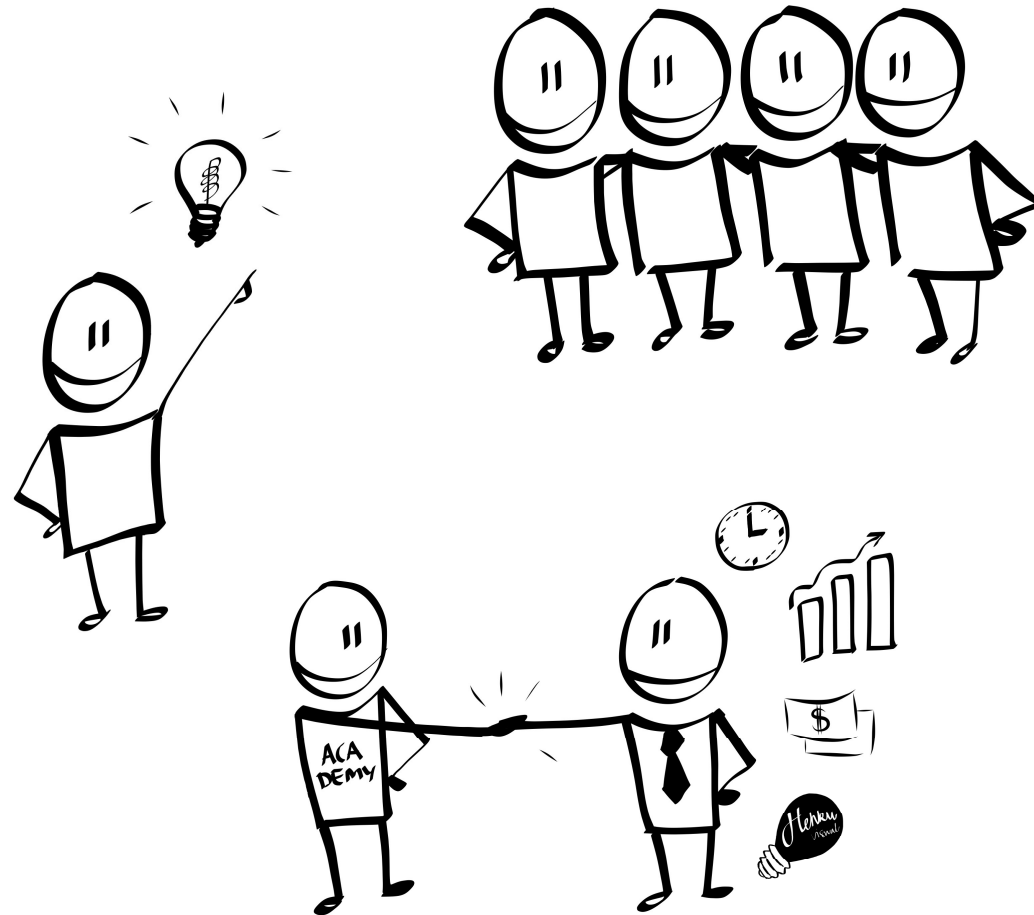

Produces new entrepreneurs ☐ more employers ☐ more jobs ☐ less unemployment

Creates young people with entrepreneurial mindset ☐ spreading word ☐ attractive place to study ☐ new applicants ☐ attractive city image

All you need is...

1. Willingness
2. Courage
3. Right people
4. Funding
5. Action!

My priority for the urban social innovation agenda

According to my experience, the agenda of European cities should include this priority:

- Take the **1st step** in order to bring Proacademy-way of learning to the city: start co-creating with Less Miserables cooperative
